Assembly Instructions

Chairs

1. Begin w/left side arm with long bolts only attach seat to arm. Also attach hex nut to bottom of seat, facing the brace inward.
2. Attach foot rest to left side with long bolts.
3. Attach back rest with hex nut to left side arm.
4. Repeat same for right side arm supports.

Table

1. Begin with placing table top upside down. Using short bolts only attach all 8 short bolts to leg supports to the table top. 2 short bolts per leg.
2. Attach cross member support with 4 short bolts. If difficult to attach, simply loosen two sets of leg supports to make it fit.
3. Enjoy.
